Von Hindenburg Believed On Death Bed, Talks With Hitler

Hitler Confers Two Hours With Von Hindenburg

Dictator Makes Probably His Last Visit To Dying President

HITLER WILL FLY BACK TO BERLIN

Germany Today

By TOM WILHELM International News Service Staff Correspondent

NEUDECK, Germany, Aug. 1.—Adolf Hitler, Nazi dictator of Germany, paid his respects and what may be his last visit to his titular chief, the aged President Von Hindenburg here today.

He gave to the old warrior, fighting desperately for his life against the slow spread of toxemia, the the slow spread of toxemia, the wishes of the German nation for his

recovery.

Hitler arrived at 1:15 p. m. (8:15 a. m., E. D. T.) after a journey of more than eight hours. He flew from Templehof aircrome, Berlin, here. to Marienburg, 50 miles from here, and motored to the estate of the president.

Taken to Sick Room

Immediately after his arrival the chancellor was taken into the sick room of the president. He remained there for some time.

An official statement declared that the chancellor paid a visit to the president, who is seriously ill, and gave the hearliest expression of his own and the entire nation's wishes of the date set for its execution, for the recovery of the venerable Provincial police announced today. field marshal president."

Three men who allegedly con-

The chancellor spent two hours with his dying chief and then returned to Marienburg, preparatory to flying back to Berlin tonight. Hitler sat at the bedside and talked with the president. Despite his weakness Von Hindenburg was able to carry on his part of the con-(Continued On Page Two)

State Liquor Stores Profits May Not Make Funds Available As Expected

LEGISLATURE MAY MEET SITUATION

By G. EVERETT DOYING International News Service Staff Correspondent

HARRISBURG, Aug. 1.-Old age assistance payments likely will not begin on December 1 as intended by the law passed last year because of the lack of pro-fits from the state liquor stores, it was revealed today.

Unless legislative action is taken, it was probable that no payments could be made before the end of the current hiennium on June 1.

The regular session of the legis-lature convening next January might make some stop-gap finan-cial arrangement and it was pos-sible Gov. Gifford Pinebot might include this subject in any call for a special session before that time. When Fund Is Available

In setting up the State stores system, the legislature allocated the

Another \$20,000,000 was set aside for relief and \$4,000,000 was appropriated for old age assistance to be distributed if and when it became

From the best estimates obtainable, the Liquor Control Board can foresee profits of only about \$5.000,000 with which to meet the relief and old age appropriations.
State officials were endeavoring

to work out a scheme to avoid a complete lapse of old age assistance under the measure enacted at the 1933 special session.

1933 special session.

Because most of the persons eligible for old age help were believed to be on the relief rolls already, it was believed that all available liquor profits will be used for general relief needs rather than for assistance to the aged. sistance to the aged.

The old age assistance law sets up system for paying \$30 monthly to persons over 70 years of age who are without means of support. An additional \$15 is made available for each dependent.

SCIENCE SIMPLIFIED Cause Of Seasons

Earth's Axis, Tilted, Brings Changes

Central Press Science Writer How does the change in seasons come about? Why is it that spring, summer, autumn and winter follow one another with such regularity?

The answer lies in the fact that the earth, in addition to its motion on its own axis and its motion around the sun, has still another, a movement of its axis, tilting back and forth on its annual journey.

Tilted Axis

During the summer in the northern hemisphere the northern end of the axis is tilted toward the sun to a degree that the regions near the North Pole have constant daylight during the entire 24 hours. This is plain whether military intervention is tilted toward the sun and the northern point upon to bring peace because Berlin and Vienna. period, the sun not rising above the horizon. The southern hemisphere

at this time is enjoying its summer.
This tilting of the earth's axis is easily noticeable to the individual by the position of the sun in the heavens at any time during the year. In the northern hemisphere the sun begins to climb in the sky shortly after December 21 and con-tinues to do so throughout the spring, reaching its highest point to-ward the latter part of June, when it begins to sink again. The oppo-site is true of the southern hemi-

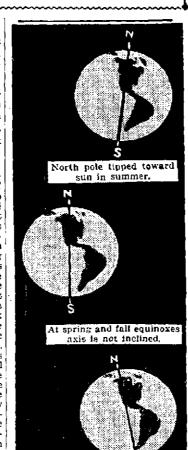

Other Planets

State Liquor Stores Profits May Not Make Funds Available As Expected

LEGISLATURE MAY MEET SITUATION

By G. EVERETT DOYING International News Service Staff

Correspondent HARRISBURG, Aug. 1.—Old age assistance payments likely will not begin on December 1 as intended by the law pussed last year because of the lack of profits from the state liquor stores,

it was revealed today. Unless legislative action is taken, it was probable that no payments could be made before the end of the current biennium on June 1.

The regular session of the legislature convening next January might make some stop-gap financial arrangement and it was pos-sible Gov. Gifford Pinchot might include this subject in any call for a special session before that time.

When Fund Is Available In setting up the State stores system, the legislature allocated the first \$1,300,000 in profits to meet blind pensions which started in

foresee profits of only about \$5.- similarly was uninformed.

500,000 with which to meet the relief and old age appropriations.

State officials were endeavoring to work out a scheme to avoid a pected that Von Papen would be de-tomplete lapse of old age assistance under the measure enacted at the under the measure enacted at the 1933 special session.

1933 special session.

Because most of the persons eligible for old age help were believed to be on the relief rolls already, it was believed that all available liquor profits will be used for general relief needs rather than for assistance to the grad

----- SCIENCE SIMPLIFIED ----

Cause Of Seasons

Earth's Axis, Tilted, Brings Changes

By RICHARD BAYLIS

Central Press Science Writer How does the change in seasons come about? Why is it that spring, summer, autumn and winter follow one another with such regularity?

The answer lies in the fact that the earth, in addition to its motion on its own axis and its motion around the sun, has still another, a movement of its axis, tilting back and forth on its annual journey.

Tilted Axis During the summer in the northern hemisphere the northern end of the axis is tilted toward the sun to a degree that the regions near the North Pole have constant daylight during the entire 24 hours. This is a condition known as the "mld-night sun". The entire northern hemisphere at this time is enjoying warmer weather. The opposite is true in winter, when the South Pole is tilted toward the sun and the North Pole away from it, so that the region around the northern polar cap experiences a long dark period, the sun not rising above the horizon. The southern hemisphere at this time is enjoying its summer.

This tilting of the earth's axis is easily noticeable to the individual by the position of the sun in th heavens at any time during the year. In the northern hemisphere the sun begins to climb in the sky shortly after December 21 and continues to do so throughout the spring, reaching its highest point toward the latter part of June, when it begins to sink again. The opposite is true of the southern hemisphere.

Other Planets

Not all planets have the same tilt to their axes. As a consequence the seasons on the various plants

State Liquor Stores Profits May . Not Make Funds Available As Expected

LEGISLATURE MAY MEET SITUATION

By G. EVERETT DOYING International News Service Staff Correspondent

HARRISBURG, Aug. 1.-Old age assistance payments likely will not begin on December 1 as intended by the law passed last year because of the lack of profits from the state liquor stores, it was revealed today.

Unless legislative action is taken, it was probable that no payments could be made before the end of the current biennium on June 1

The regular session of the legislature convening next January might make some stop-gap financial arrangement and it was possible Gov. Gifford Pinchot might include this subject in any call for a special session before that time.

When Fund Is Available

Another \$20,000,000 was set aside today for relief and \$4,000,000 was appro-

Earth's Axis, Tilted, Brings Changes

By RICHARD BAYLIS Central Press Science Writer

How does the change in seasons come about? Why is it that spring,

The answer lies in the fact that on its own axis and its motion around the sun, has still another, a movement of its axis, tilting back and forth on its annual journey.

Tilted Axis During the summer in the northern hemisphere the northern end of the axis is tilted toward the sun to a degree that the regions near the North Pole have constant daylight during the entire 24 hours. This is a condition known as the "midnight sun". The entire northern hemisphere at this time is enjoying warmer weather. The opposite is true in winter, when the South Pole is tilted toward the sun and the North Pole away from it, so that the region around the northern polar cap experiences a long dark period, the sun not rising above the

horizon. The southern hemisphere at this time is enjoying its summer. This tilting of the earth's axis is heavens at any time during the year. In the northern hemisphere like a bomb in government circles shortly after December 21 and continues to do so throughout the Officials declined to comment on spring, reaching its highest point to-

Now Wash Clothes QUICKER and EASIER

With Silver Dust, 20-minute soaking * is enough

Ladies, this is startling news! Science has just discovered that if clothes are soaked for long periods, even in pure, plain water, that fabrics soon weaken

Mrs. Anna MacDonald, Mrs. Anna and clothes wear out. Therefore, you should use a soap that washes gently, yet so quickly that clothes do not need to be soaked longer than twenty minutes.

In Silver Dust, you have just such a soap. It does the work quickly and thoroughly, yet so gently that it is always kind to your daintiest fabrics and your hands. And Silver Dust actually makes colors brighter than new. Anything that is club will motor to Butler Thursday washable, you can safely trust where they will be luncheon guests to Silver Dust.

* So recent are these discoveries about soaking that we have not yet had the opportunity to change the directions on our package which suggest over-night soaking. However, our tests have proved that with Silver Dust, 20-minute soaking is enough.

YOUR FIRE BILL

T has been said that the greatest tragedy of fire lies in the fact that it is unnecessary. . More than eighty per cent of all fires, large and small, are due to someone's oversight-a little care, a little thought, perhaps the spending of a little money, would have prevented them.

Fire would not be so serious if it were entirely an individual matter-if the person who allowed his property to burn because he permitted hazards to exist uncorrected paid the bill. But we all pay-every member of the community is assessed, directly or indirectly, for a share of the cost. We pay it in depressed business if a factory is destroyed—men are put out of work. We pay it in higher taxes—a fire that eliminates property from the tax rolls makes it necessary to increase taxes on all other property to make up for the loss. We pay it in higher insurance rates—over a period of years, the rate charged for insurance protection is based upon the amount of loss in the community.

The direct fire bill in this country is around \$400,000,000 sear at present, and in some years it has passed the half-billion mark. The indirect loss is several times as great-observers says it runs close to two billions. That money comes out of the pockelbooks of the American people, and whether your property suffered a fire or not doesn't let you out of paying it.

Fire prevention is easy-care and thought are the main essentials. And every fire that is prevented means actual money saved to you.

SARTORIALLY SPEAKING

People are naturally interested in what their relatives are doing, so the people of the United States are wondering how their English cousins are weathering the heat wave. The answer is, "Poorly, old chappie."

The mercury has been running up into the eighties more or less habitually on King George's tight little island this summer, and when the thermometer passes the 30 mark in England it is deucedly hot, don't cha

know. It's the humidity, not the heat, as it were. This summer with its abnormally hot weather may break down the British morale as to formal attire regardless of the temperature. When the Englishman goes to town he must wear a long black coat and silk topper no matter what the season. Out at his country place he may don a sports coat of heavy tweed or homespun, but such concessions to comfort are verboten in town.

Give the American men credit for breaking down this one silly cus-He has repealed the law of custom which made it criminal to be comfortable when Old Sol beams his beamingest. Tropical attire and martorial practices have been introduced to the largest American cities and the most dignified surroundings.

CONTROLLING CLIMATE

The greatest tree-planting project ever undertaken in the United States and the greatest in the world with the exception of Russia, soon is States and the greatest in the world with the exception of Russia, soon is to be inaugurated in the Great Plains area. The project is to cost around I still leave discarded linen on the further evidence probably, of the and 10 years will be required for its completion,

From the Canadian border to the Texas panhandle, and well into From the Canadian border to the Texas panhandle, and well into should;
the latter, a belt of trees 100 miles wide will be planted. The belt will But she's promised to look after me consist of 100 strips of trees with a mile of farm land between the strips. Should expectations be realized, the most ideal farming conditions will exist between these windbreaks.

The project is to be in the nature of an experiment for the purpose of correcting present conditions of climate that cause drouths. It will stretch through the heart of that part of the country now being ravaged by drouth. It represents another effort by man to control the forces "Man can not change all the forces of weather," said Chief Forester

F. A. Silcox, in discussing the program, "but he can modify his own surroundings. He can ameliorate the effects of weather on a large scale, just as he can around his own home." Breaking of the surface velocity of the wind over a large area, he ex-

plained, would mean soil would be held in place, the moisure retained and living conditions for man and beast greatly improved.

Planting of trees as windbreaks has been done on a small scale with favorable results.

PEACEFUL NEIGHBORS 100 YEARS

There are numerous persons who maintain permanent inter-national peace is an impossibility. They believe war is inescapable. They take the stand that there have been conflicts from time immemorial and that We will continue to have them as long as human beings disagree in their opinions. Considering the history of the world, these pessimists regarding world peace have much to support their contentions. But because we have had wars in the past, and may have others in the comparatively near future, is no reason to form the conclusion that they cannot be

eliminated from the course of human conduct. The friendly relationship which has existed between the United States and Canada for the past century is a demonstration of what can be done in promotion of world peace. The one hundred years of peace will be the main theme of the Three-Nation celebration to be held at Niagara Falls, N. Y., in September, to commemorate the rehabilitation of old Fort Niagara.

This friendship has stood firm during a period which has experienced many armed conflicts. It is recalled offhand that history records the world. in that time the Mexican and Crimean wars. Then there was our own Civil war, the Franco-Prussian, Spanish-American, Russo-Japanese, Chinese-Japanese, and of course, the most devastating of all wars, in which many nations were involved.

In the majority of wars proximity of the warring nations has had a large part in creating the dissension. The boundary lines often were the most at present are manly and the primary causes. But through all these wars. Canada and the United States, separated only by the Great Lakes and an imaginary line, have never faltered in the maintenance of their friendship. There have been difference between the two countries, moments of disagreement over various questions which affected both, but they always have been adjusted in an amicable manner and there never even was talk of war. There is a lot to think about in that.

A woman is anybody who distributes seven lumps around a living, and one ash tray.

The easiest way to keep from getting your feelings hurt is not to exbeet better treatment than you are likely to get.

All Of Us

By MARSHALL MASLIN

"AND HOW ARE THE

CHILDREN?" I heard a mother complaining. "I never go anywhere without having people come up to me and say, 'And how are the children?' I don't know why they do it, but they always do. They seem to think I'll feel hurt if they don't ask how my children are. They are not really interested, and I don't expect them to be interested. They're my children, not theirs. I love them, but I don't expect other peopl to love them . . . I wish I could make people understand that when I'm out for the evening. I want to forget my children and not even talk about them. Why can't they remember that mothers are people, just like everybody else?" Well, it's just a habit. It's just one of those old customs that de cline to die out.

And some mothers are offended you forget to ask them about their children. For them, their children are the most important creatures in the world to everybody. I knew of one woman who went so far, even before her baby was born, that she's demand, "Why don't you ask me how the baby is?"

And I knew another who was afraid to leave the house in the evening to go to a theater, even after her children were 10 and 12 years old, and even though other adults were with them. She was in a flut-te" of fear all the time she was away and made everybody with her as untappy as herself.

But the majority of modern moth-

ers have more sense. They understand their children deeply. They love them, they find them fascinating and they are glad they have them. But they know that, after all, children are only half-ripe and not as completely fulfilling as adults. So, when those mothers are with other adults, they wish to be treated as complete adults, too, not just as mothers who have children at home, not just as the older half of a bio-logical relationship. They insist on being accepted as people and they feel that this continual reminder of their children at home is, in its way. condescending insult.

I don't blame the mother who does not want to be asked. "And how are the children?" in that smooth, silly If I were a mother I'd blow up, too, and I wouldn't get my re-marks out of any book of etiquette, either.

They insist on munity.

The direct fire bill in this country is around \$400,000,000 their children at home is, in its way, • year at present, and in some years it has passed the half-billion a condescending insult. mark. The indirect loss is several times as great—observers not want to be asked, "And how are says it runs close to two billions. That money comes out of the pocketbooks of the American people, and whether your pro- up, too, and I wouldn't get my reperty suffered a fire or not doesn't let you out of paying it.

Fire prevention is easy—care and thought are the main essentials. And every fire that is prevented means actual money saved to you.

SARTORIALLY SPEAKING

People are naturally interested in what their relatives are doing, so IN SPITE OF SHORTCOMINGS the people of the United States are wondering how their English cousins In spite of all my blunders and the are weathering the heat wave. The answer is, "Poorly, old chappie."

The mercury has been running up into the eighties more or less habitually on King George's tight little island this summer, and when the Though I never put a thing away thermometer passes the 30 mark in England it is deucedly hot, don't cha know. It's the humidity, not the heat, as it were.

This summer with its abnormally hot weather may break down the British morale as to formal attire regardless of the temperature. When the Englishman goes to town he must wear a long black coat and silk topper no matter what the season. Out at his country place he may don a sports coat of heavy tweed or homespun, but such concessions to comfort are verboten in town.

Give the American men credit for breaking down this one silly custom. He has repealed the law of custom which made it criminal to be comfortable when Old Sol beams his beamingest. Tropical attire and sartorial practices have been introduced to the largest American cities and the most dignified surroundings.

CONTROLLING CLIMATE

The greatest tree-planting project ever undertaken in the United States and the greatest in the world with the exception of Russia, soon is to be inaugurated in the Great Plains area. The project is to cost around I still leave discarded linen on the \$75,000,000, and 10 years will be required for its completion.

From the Canadian border to the Texas panhandle, and well into the latter, a belt of trees 100 miles wide will be planted. The belt will consist of 100 strips of trees with a mile of farm land between the strips Should expectations be realized, the most ideal farming conditions will exist between these windbreaks.

The project is to be in the nature of an experiment for the purpose of I'm the sort of fellow women correcting present conditions of climate that cause drouths. It will stretch through the heart of that part of the country now being ravaged by drouth. It represents another effort by man to control the forces

"Man can not change all the forces of weather," said Chief Forester F. A. Silcox, in discussing the program, "but he can modify his own surroundings. He can ameliorate the effects of weather on a large scale, just as he can around his own home."

Breaking of the surface velocity of the wind over a large area, he explained, would mean soil would be held in place, the moisure retained and

living conditions for man and beast greatly improved. Planting of trees as windbreaks has been done on a small scale with

tavorable results.

PEACEFUL NEIGHBORS 100 YEARS

There are numerous persons who maintain permanent inter-national peace is an impossibility. They believe war is inescapable. They take the stand that there have been conflicts from time immemorial and that we will continue to have them as long as human beings disagree in their opinions. Considering the history of the world, these pessimists regarding world peace have much to support their contentions. But because we have had wars in the past, and may have others in the comparatively near future, is no reason to form the conclusion that they cannot be

eliminated from the course of human conduct. The friendly relationship which has existed between the United States and Canada for the past century is a demonstration of what can be done in promotion of world peace. The one hundred years of peace will be the main theme of the Three-Nation celebration to be held at Niagara Falls, N. Y., in September, to commemorate the rehabilitation of

old Fort Niagara. This friendship has stood firm during a period which has experi- lot of many good Americans, and enced many armed conflicts. It is recalled offhand that history records the world. in that time the Mexican and Crimean wars. Then there was our own But most people have learned to to 300 pounds," practically an in-Civil war, the Franco-Prussian, Spanish-American, Russo-Japanese, school themselves—to steel them-sult. Chinese-Japanese, and of course, the most devastating of all wars, in selves against the complaints of which many nations were involved.

In the majority of wars proximity of the warring nations has had a large part in creating the dissension. The boundary lines often were the most at present are manly and the primary causes. But through all these wars, Canada and the United womanly enough to try to bear the States, separated only by the Great Lakes and an imaginary line, have never faltered in the maintenance of their friendship. There have been and hopeful in the presence of difference between the two countries, moments of disagreement over vari- others, they strengthen their power pus questions which affected both, but they always have been adjusted in to be bigger and stronger than their an amicable manner and there never even was talk of war. There is a lot to think about in that.

YOUR FIRE BILL

T has been said that the greatest tragedy of fire lies in the fact I that it is unnecessary. . More than eighty per cent of all fires, large and small, are due to someone's oversight—a little care, ning to go to a theater, even after a little thought, perhaps the spending of a little money, would old, and even though other adults have prevented them.

Fire would not be so serious if it were entirely an individual Fire would not be so serious if it were entirely an individual and made everybody with her as unmatter—if the person who allowed his property to burn because happy as herself.

But the majority of modern mothhe permitted hazards to exist uncorrected paid the bill. But ers have more sense. They underwe all pay-every member of the community is assessed, directwe all pay—every member of the confindinty is assessed, direct-ly or indirectly, for a share of the cost. We pay it in depressed ating and they are glad they have business if a factory is destroyed-men are put out of work. We pay it in higher taxes—a fire that eliminates property from not as completely fulfilling as adults.

So, when those mothers are with the tax rolls makes it necessary to increase taxes on all other the tax rolls makes it necessary to increase taxes on all other adults, they wish to be treated property to make up for the loss. We pay it in higher insur- as complete adults, too, not just as ance rates—over a period of years, the rate charged for insurance protection is based upon the amount of loss in the combeing accepted as people and they The direct fire bill in this country is around \$400,000,000 feel that this continual reminder of their children at home is, in its way, munity.

S year at present, and in some years it has passed the half-billion a condescending insult. mark. The indirect loss is several times as great-observers says it runs close to two billions. That money comes out of the pocketbooks of the American people, and whether your proup, too, and I wouldn't get my reperty suffered a fire or not doesn't let you out of paying it.

Fire prevention is easy—care and thought are the main essentials. And every fire that is prevented means actual money saved to you.

SARTORIALLY SPEAKING

People are naturally interested in what their relatives are doing, so the people of the United States are wondering how their English cousins In spite of all my blunders and the silly things I do. are weathering the heat wave. The answer is, "Poorly, old chappie."

The mercury has been running up into the eighties more or less habitually on King George's tight little island this summer, and when the Though I never put a thing away thermometer passes the 30 mark in England it is deucedly hot, don't cha when using it I'm through. thermometer passes the 80 mark in England it is deucedly hot, don't cha know. It's the humidity, not the heat, as it were.

This summer with its abnormally hot weather may break down the British morale as to formal attire regardless of the temperature. When the Englishman goes to town he must wear a long black coat and silk topper no matter what the season. Out at his country place he may don a sports coat of heavy tweed or homespun, but such concessions to comfort are verboten in town.

Give the American men credit for breaking down this one silly custom. He has repealed the law of custom which made it criminal to be comfortable when Old Sol beams his beamingest. Tropical attire and sartorial practices have been introduced to the largest American cities and the most dignifled surroundings.

CONTROLLING CLIMATE

The greatest tree-planting project ever undertaken in the United States and the greatest in the world with the exception of Russia, soon is when I shave, supposed to be over 3000 years old, to be inaugurated in the Great Plains area. The project is to cost around I still leave discarded linen on the further evidence probably, of the States and the greatest in the world with the exception of Russia, soon is \$75,000,000, and 10 years will be required for its completion.

From the Canadian border to the Texas panhandle, an the latter, a belt of trees 100 miles wide will be planted. The belt will But she's promised to look after me consist of 100 strips of trees with a mile of farm land between the strips. Should expectations be realized, the most ideal farming conditions will exist between these windbreaks.

The project is to be in the nature of an experiment for the purpose of correcting present conditions of climate that cause drouths. It will stretch through the heart of that part of the country now being ravaged by drouth. It represents another effort by man to control the forces of nature.

"Man can not change all the forces of weather," said Chief Forester F. A. Silcox, in discussing the program, "but he can modify his own surroundings. He can ameliorate the effects of weather on a large scale, I'd just as he can around his own home."

Breaking of the surface velocity of the wind over a large area, he explained, would mean soil would be held in place, the moisure retained and living conditions for man and beast greatly improved.

Planting of trees as windbreaks has been done on a small scale with favorable results.

PEACEFUL NEIGHBORS 100 YEARS

There are numerous persons who maintain permanent inter-national peace is an impossibility. They believe war is inescapable. They take the stand that there have been conflicts from time immemorial and that we will continue to have them as long as human beings disagree in their opinions. Considering the history of the world, these pessimists regard-Ing world peace have much to support their contentions. But because we have had wars in the past, and may have others in the comparatively near future, is no reason to form the conclusion that they cannot be eliminated from the course of human conduct.

The friendly relationship which has existed between the United aging difficulties, but so have many States and Canada for the past century is a demonstration of what can be done in promotion of world peace. The one hundred years of peace will be the main theme of the Three-Nation celebration to be held at Niagara Falls, N. Y., in September, to commemorate the rehabilitation of old Fort Niagara.

This friendship has stood firin during a period which has experienced many armed conflicts. It is recalled offhand that history records in that time the Mexican and Crimean wars. Then there was our own Civil war, the Franco-Prussian, Spanish-American, Russo-Japanese, Chinese-Japanese, and of course, the most devastating of all wars, in which many nations were involved.

In the majority of wars proximity of the warring nations has had a large part in creating the dissension. The boundary lines often were the primary causes. But through all these wars, Canada and the United States, separated only by the Great Lakes and an imaginary line, have never faltered in the maintenance of their friendship. There have been difference between the two countries, moments of disagreement over various questions which affected both, but they always have been adjusted in an amicable manner and there never even was talk of war. There is a lot to think about in that.

A woman is anybody who distributes seven lamps around a living, and one ash tray.

The easiest way to keep from getting your feelings hurt is not to exbect better treatment than you are likely to get,

"AND HOW ARE THE

CHILDREN? I heard a mother complaining, "I never go anywhere without having people come up to me and say, 'And how are the children?' I don't know why they do it, but they al-ways do. They seem to think I'll feel hurt if they don't ask how my children are. They are not really interested, and I don't expect them to be interested. They're my children, not theirs. I love them, but I don't expect other peopl to love them . . . I wish I could make people understand that when I'm out for the evening. I want to forget my children and not even talk about them. Why can't they remember that mothers

are people, just like everybody else?" Well, it's just a habit. It's just one of those old customs that decline to die out.

And some mothers are offended if you forget to ask them about their children. For them, their children

are the most important creatures in the world to everybody. I knew of one woman who went so far, even before her baby was born, that she's demand, "Why don't you ask me how the baby is?"

And I knew another who was afraid to leave the house in the eveher children were 10 and 12 years were with them. She was in a flut-ter of fear all the time she was away

stand their children deeply. They them. But they know that, after all, children are only half-ripe and

I don't blame the mother who does not want to be asked, "And how are the children?" in that smooth, silly narks out of any book of etiquette,

FORGET ABOUT YOUR TROUBLES.

People tire of hearing you tell of your misfortunes and hard luck. You have had severe and discour thousands of others,

But perhaps you have had no worse than many persons who never say anything about their troubles. suffering from privations of one kind of another has been the lot of many good Americans, and the same has been true all over the world.

But most people have learned to school themselves—to steel them-selves against the complaints of those who so frequently cry out against misfortune.

Many of those who are suffering the most at present are manly and womanly enough to try to bear the inevitable and serve others, too.

By their efforts to be cheerful and hopeful in the presence of others, they strengthen their power to be bigger and stronger than their Mind over malter is a stronger

SHIELDS SPEAKS BEFORE SESSION

The New Castle Kiwanis club, in formal resolution adopted during its luncheon-meeting at The Castleton today, petitioned President Roosevelt, Public Works Administrator Ickes and the United States senators and congressmen from Pennsylvania and Ohio for the "immediate" allocation of PWA funds for the development of the Beaver-Mahoning-Shenango water-

way project. We, the Kiwanis club of New Castle, Pennsylvania, consisting of 52 members with a classification of two each from business and profession," the resolution read, "firm ly believe this improvement is necessary to restore the Mahoning and Shenango valleys' steel producing district to its competitive position in the industry, and to preserve and conserve the billion dollars invested by citizens of the United States in the steel and allied industries in the

The signature of L. F. Royston, chairman of the public affairs com-mittre of the club, was carried by the resolution.

The resolution pointed out that "the improvement will give immedi-ate employment to thousands of men and will assure a continuation of permanent employment to many other thousands of men." It also said tonnage in volume equal to the enpacity of the waterway is already available, and the improvement's contribution to conservation and the flood control problem would aid

THE NEWS, ONE YEAR, BY MAIL, \$5.00

Many Are Seeking woman has a son or daughter able to work that they are liable for the support of the aged person. Every person over 70 who requests it is being registered by the local mothers' assistance board. The applications are not in yet and will likely not be. When they arrive the board expects to establish an office they can administer the act.

Have Been Made In Lawrence Co.

PROVISIONS OF LAW NOT CLEAR AS YET

old age pension act do not go into apply for an old age pension. effect in Pennsylvania until December, 1934, the local board that will administer it has about 500 applications on hand. The act will be administered here by the moth-

ers' assistance board, which also handles the blind pensions. The workings of the act are not yet entirely clear, but undoubtedly will be clarified in the near future. The act says that all persons over 70 years of age who are indigent and have no one legally liable for their support are entitled to \$30 per month, and in the case of a man and wife \$45 per month, providing they have been residents of Pennsylvania for 10 years.

It is not known yet whether this is taken to mean that if a man or

Trinity Church Names Lay Reader

T. Gwyn Lewis Is Chosen As Lay Reader To Fill Late H. K. Bell's Place

T. Gwyn Lewis has been appointed by the Bishop of Erle, a Lay-reader for Trinity church. This honor is in recognition of the faithful in the parish over a period of ten years in many different ways. Es-pecially notable as Scout Master of Troop 55 and as Secretary of the church school.

Out of honor to Harry K. Bell, this appointment has not been made until this time. Mr. Lewis will con-At the Christian and Missionary duct the service at 11 o'clock each Sunday morning during the month of August. It will consist of morn-ing prayer and sermon. Thus, as in former years, Trinity church will not be closed during the vacation

period.
Mrs. Winsor A. McNally will play the organ on the first and fourth Sundays and Miss Isabel T. John-son, on the second and third. Mr. and Mrs. John Morrow, of Ellwood City, visited at the C. A. Morrow home Sunday. In case a clergyman is needed, three are available in the neighbor-

ing cities of Butler, Sharon and Youngstown and may be communicated with through Wm. T. Butz, Senior Warden.

Mr. and Mrs. Charles Rouser of Beaver Falls, visited Sunday at the After August 15, when the Rev. Samuel M. Black of St. Andrew's returns, he will minister in all cases home of their daughter, Mrs. Clark of need. Thus full provision has been made for the administration for the rites and sacraments of the church during the vacation of the rector, Rev. P. C. Pearson.

District Picnic Plans Furthered

Methodists Will Have Day Of Get-Together At Buhl Park, Sharon, August 21

Dr. W. A. Womer presided at a meeting for the preliminary arrange-ments of the committee for the Disheld in Buhl Park August 21. Representatives from Sharon, West Middlesex and Greenville churches were present, along with those from the local Methodist churches.

Committees named were: mushball: Paul Vogan, Grove City: Plum Graul, Greenville; Phil Taylor, Clark; Ed Parshall, West Middlesex; L. Sauer, Sharon; O. Gruber, Ken-nard; Clare Axle, Franklin; C. V. McKane, Parkers Landing; Wayne Covert, Sandy Lake; E. McCracken, Sharpsville; Rev. Meltzer, East Brook; Harold Booth, Croton, New Castle; M. Parkinson, Epworth church and Ken Wilson, Mahoning

church.
Miss Mary K. Davis of Sharon will have charge of the children's races and games; J. McCormick of Greenville will have charge of the swimming events; John Thompson of Croton, the tennis and Andy Relder, E. E. Marshall and Dr. C. W. Davis will arrange the horse shoe tourna-

ment.
It is anticipated that there will be contestants from each church in play-offs for championships.

Bombers Given Sentences Today

(International News Service)
PITTSBURGH, Aug. 1.—Convicted in the racket-bombing of Swissvale Councilman Dr. George Seitz's garage last April 24 and denied a new trial, Philip Fazio, Swissvale beer garden operator, and Nick Con-23, were sentenced today by

Judge Samuel H. Gardner.
Fazio was ordered to serve four
and one-half to nine years in the
Western penitentiary. In Consolo's case, Judge Gardner took cogniz-ance of the jury's mercy recommendations and sentenced the defendant to Huntingdon reformatory.

Police viewed the bombing as re-tallation over Seltz's anti-racket Brighton.

Married Women Asked To Resign **Jobs In Germany**

BERLIN-As part of the govern-ment's program to get more men back to work, married women in the government service have been asktion there wouldn't be any more cats. The important thing is that the cat feels how it should turn The request covers all married wo-

men, but exceptions may be made in cases where the wages of the husband are not sufficient to cover the costs of maintaining the family The first step in the program was taken when the ministry of finance sent out a circular letter asking if there were any married women in the civil service who wanted to re-

Savants Study Cosmic Ray On **Mountain Peaks**

(International News Service) tain peaks towering more than 14,000 feet above sea level, have been chosen as laboratories for two groups of fa-mous scientists for the study of the much-discussed cosmic rays.

Dr. Joyce C. Stearns of Denver, R.

D. Bennett of Massachusetts Insti-tute of Technology, and Darol K. Bowman of McDonald college, Can-ada, will conduct experiments atop Mount Evans in the Denver mountain parks.

Dr. Robert A. Millikan of Pasadena, whose theories regarding the cosmic rays are in many respects opposed to those of Dr. Compton and his associates, will set up his equipment on top of Pikes Peak, near Colorado Springs.

PATIENT SUICIDES (International News Service) SAYRE, Pa., Aug. 1.—'Look out-

here I come!".
With that warning to persons below, Robert Gleckner, 50, of Canton today leaped five floors from the roof of the Robert Packer hospital clinic where he was a patient for observation. He was killed instantly.

CLEARING STREETS Carmi Glover, commissioner of streets, stated today the department employes were continuing to hustle in an effort to rid the streets of debris caused by Monday night's storm. He said the most trouble occurred in Atlantic avenue.

how long can you keep lettuce fresh and crisp?

And the answer depends on whether or not you have ELECTRIC REFRIGERATION. . . . If you do have Electric Refrigeration—f'rinstance G-E—then a head of lettuce, a carrot, a tasty fruit salad or a juicy steak can laugh at the efforts of this hot weather to spoil their tastiness. . . . The facts are that fruit, vegetables and meats may be kept with perfect safety for days in a G-E ELECTRIC REFRIGERATOR.

See the New Models on Display!

What you get besides Protection in a G-E Electric Refrigerator:

 All-steel cabinet, built for a lifetime Stainless Steel Quick Freezing Chamber. Cannot chip or rust. Easier to clean. Large, roomy, convenient. Freezes more ice faster.

Sliding shelves slip forward at touch of a fin-

ger, bringing food into plain sight and easy Automatic Interior Lighting turns on when door is opened and off when door is closed. Auxiliary Foot Pedal Door Opener. Just a touch of the toe.

Temperature Control for fast freezing or for economical operation in mild weather.
 Refrigeration Uninterrupted during defrost-

Operates so quietly you can scarcely hear it; uses less current and has ample refrigerating capacity for even unusual demands.

● Besides the standard one-year warranty, you are protected four more years on this famous G-E mechanism for only \$5.00.

YOUNG MAN RELEASED

PITTSBURGH, Aug. 1,-Payments of \$15 down and \$12 later on a diamond ring he purchased six of his attorney. ears ago under the name of Albert Depalma, won freedom today from the county jail for Angelo Tantina, 24, Greensburg, Pa., after his arrest on larceny by bailee and false pretense charges. Puzzled when Tantina failed to

brook, sent to the county jail a con-stable who discovered that Judge James H. Gray had ordered the youth's release yesterday on petition

Cosmic Ray On **Mountain Peaks**

(International News Service) DENVER-Two Colorado mountain peaks towering more than 14,000 feet above sea level, have been chosen as laboratories for two groups of famous scientists for the study of the much-discussed cosmic rays.

Dr. Joyce C. Stearns of Denver, R D. Bennett of Massachusetts Institute of Technology, and Darol K. Bowman of McDonald college, Canada, will conduct experiments atop Mount Evans in the Denver mountain parks.

Dr. Robert A. Millikan of Pasadena, whose theories regarding the cosmic rays are in many respects opposed to those of Dr. Compton and his associates, will set up his equipment on top of Pikes Peak, near Colorado Springs.

PATIENT SUICIDES (International News Service) SAYRE, Pa., Aug. 1 .- "Look outhere I come!"

With that warning to persons below, Robert Gleckner, 50, of Canton, today leaped five floors from the roof of the Robert Packer hospital clinic where he was a patient for observation. He was killed instantly.

CLEARING STREETS Carmi Glover, commissioner of streets, stated today the department employes were continuing to hustle in an effort to rid the streets of debris caused by Monday night's storm. He said the most trouble oc-

curred in Atlantic avenue.

Today

Ford's 71st Birthday. Heart And Soul, But. The President's Dolphin. What A Grand Movie. By ARTHUR BRISBANE

HENRY FORD was seventy-one years old Monday. Nearly sixty years ago, he thought

he was old enough to earn his own living and got a job at two dollars a week in a Detroit machine shop, where he worked all day six days a week. Two dollars a week was not quite enough. When the machine shop closed at six o'clock, young Henry went to work as clerk in a jewelry shop that kept open late. There he made one dollar and a half per week more. On three dol-lars and a half a week he could live.

THAT WAS not exactly an NRA program, but it worked. Since he made that start Henry Ford has paid in highest wages to other Americans, skilled and unskilled for labor and for producing materials, THOUSANDS OF MILLIONS OF DOLLARS, and he has constantly raised wages, paying out to workers at least a billion dollars that he might have kept in his own bank account.

Henry Ford's success was not sud-ALISTS 10 HEAR

COMMITTEE REPORTS | den. He had been old enough to vote several years, before he earned

more than five dollars a day.

But he worked steadily, and he thought and planned all the time. He is working and thinking today, as hard as he ever did, looking and planning ahead, and this country hopes he will continue to work and plan for the public benefit for many vears to come.

Also, the country hopes that President Roosevelt will tell his NBA and other "New Era" enthusiasts not to pester Henry Ford or tell him

THE SHORTEST great love song in history seems to be the one that Hitler and Mussolini, with heads rown back, sang recently in Ven-

It's a complete divorce of dictators now, and because of that little dift within the lute, France and Italy are said to be drawing closer together. They were far apart be-fore Dollfuss was killed. Political and other assassinations are never profitable. One, twenty years ago, started the great war.

This Dollfuss murder breaks up a beautiful budding friendship between dictators, and threatens Germany with complete national isola-

THE GOVERNMENT is willing, and would like to spend about six hundred million dollars on its PWA public works program in New York, but strikes may prevent. Labor leaders complain that men getting 80 to 90 cents an hour should be replaced by more highly skilled men etting \$1.45 to \$1.85 per hour. There are internal labor troubles also based on quarrels as to jurisdiction among different unions, two or more, laiming control of the same job.

MR. GREEN, wise head of the American Federation of Labor, will perhaps advise unions that this is not a good time for quarreling among themselves. Gen. Johnson has declared himself "heart and soul" in favor of union labor, and dent Roosevelt, as a farewell mess-President Roosevelt favors union age part to the Hawaiians, assured labor. But, both are even more them that their islands are "an in-"heart and soul" in favor of reliever tegral part of the American nation." ing unemployment and restoring This means that all the native-born

though it may not have been the

poet's kind of dolphin.

The dolphin is an amiable cetacean, member of the whale family. The females bring forth one infant only and cares for it tenderly. mother and child lying on their sides at the surface of the water during nursing. This lets them both breathe, while baby absorbs vitamins, lactic acid, butter fat casein, a perfect diet (drink plent)

THE DOLPHIN is fond of man's company. Every ocean traveler has seen schools of dolphin playfully following the ship. Old-fashioned sailors would not harm a dolphin, believing it to be the mariner's byterian church had its annual out-friend, warning him of approaching ing at Cascade Park. storms in time to seek shelter.

love music, and the Greeks believed that Arion, sweet poet and musician of ancient Lesbos, was saved from the sea by a dolphin that admired his singing and playing.

and in these "pure movie" days, Nicholas Schenck, or some other genius, might make a good movie of Arion, wishing to shine far from his little island, traveled in Sicily and other foreign parts, much ap-plauded, well paid. He sailed for home from Tarentum with his gate receipts and the sailors determined to get his money, ordered him to himself on the ship or jump into the sea. Arion decided to jump. but remembering his public, asked permission to sing one last song. Playing his accompaniment on the yre, or cithara, he sang, played and jumped. Imagine the sailor's sur-prise when they saw a dolphin that had listened, entranced by the music, draw up alongside the poet, take him on his back and carry him to shore with the speed that lets a dolphin swim easily around a fast Charles Henderson and

NO ONE DOUBTS that Arion sang and played all the way to shore, or that his parting with the Dolphin was most affectionate.

In the movie, "Arion's Leap, or the Docile Dolphin," the love motive could be supplied by Sappho, greatest female poetess, who lived on Lesbos also, at about Arion's period. movie purity. And what a shot it Caldwell and Burdell Reilly. would be, at the end, when Sappho's The Sabbath School Association love is rejected by the disdainful treated the entire group to ice cream Phaon and she jumps to her death when dinner was over, thus ending from the Leucadian promontory, what was pronounced as a perfect from the Leucadian promontory, what was pronounced as a perfect only, of course, Hollywood would day. The East Side merchants commake it all end happily, with Ario, tributed their bit to the success of secretly in love with her, alighting the day by contributing the prizes from his Dolphin five hundred feet for the various events. below just in time to catch Sappho's double as she fell.

AS A MATTER of historical fact, Sappho never jumped from that promontory. She married, respectably, and had a beautiful little daughter, named Clies, after Sappho's grandmother. A beautiful fade-out would show Sappho sitting n front of a tripod holding little Cleis in her arms, reciting her own beautiful poem, of which a few fragments remain, telling that she would not exchange Cleis for whole kingdom.

APART FROM all that, it is certain that those two dolphins, swim-ming up for a friendly presidential "look-see", were bitterly surprised and grieved, when they felt them-selves dragged up by a hook in the mouth; or was it a harpoon in the back? You could imagine one dolphin, if it had speech, saying to the President "Excuse ME, but have you never heard of Arion?"

AND APART FROM the Dolphins, it is interesting to know what Presior naturalized resident of the islands If unions prove too efficient in blocking the plans of government, some two hundred thousand restthe administration might decide to get the work done "anyhow," and transfer its "heart and soul" to the open shop.

THE PRESIDENT and his son are on their way back from Hawaii, each having caught a dolphin just before the properties of their probable millions of descendants entitled to full rights as citizens on this mainland. The Hawaii an Islands, fertile, prolific, might easily produce every year, fifty thousand hard-working, patient Asiatic-American citizens, that many employers would welcome on this main.

Policemen And Troops Lined Up

Political Battle Reaches Climax; Governor Calls Militia In Situation

ILLEGAL ACTION BY GOVERNOR CLAIMED

(International News Service) NEW ORLEANS, La., Aug. 1. -Unawed by national guard machine guns trained on the city hall, Mayor T. Semmes Walmsley today mustered the full strength of the city's police force and openly defied the forces of U. S. Senator Huey P. Long, the Louisiana political dictator.

Four hundred policemen, all armed, were mobilized on the mayor's orders following reports that the Long faction, backed by the state ilitia, were planning to take over the police department.

Mayor Walmsley cancelled all police leaves and ordered the force available for 24-hour a day duty.

REYNOLDS SUMMERS and McCANN

Carl Hubbell—King Carl—the man who struck out Ruth, Gehrig and Foxx in order, suffered three con-secutive defeats before regaining his stride by hurling a four-hit game against the Phils last Sunday. Was the all-star game responsible for these setbacks? It may have been. Certainly the lean southpaw must have put everything he had into each pitch during the three innings he was on the mound in the inter-league fray. He probably knew he was to pitch only one-third of the Tonight at Centennial field at six game and set his pace accordingly.

umph were heartbreakers.

When a pitcher suffers such de-feats as the latter two he usually receives condolences from the fans for the failure of his mates to give him proper swatting support . However, Hubbell is far better than the average pitcher and consequently is usually able to win such games.

The mark of superiority of a great

pitcher over a good pitcher is his ability to win such games as these. Hurlers of Hubbell's class usually keep just a little ahead of the opposition at all times. They don't al-low their opponents to lorge ahead and then hold them in check until their team can score a few runs. Many good pitchers lose such games but it doesn't often happen to great pitchers.

So in suffering the recent setbacks the Oklahoman wasn't pitching in the usual Hubbell fashion. Those three innings in which King Carl performed his hitherto unbelievable strike-out feat could easily have

now returned to his winning ways. It took him a few weeks to recover but the baseball world now rejoices since Carl Hubbell has proved he can still come through with shut-outs when his mates can produce only a slim margin for him.

JOE HAUSER

Joe Hauser, the man who gained more publicity as a minor leaguer than he did when in the majors, still has misfortune on his trail. A frac tured kneedap, the same type of in majors for almost ten years, now threatens to cut short his career as a minor league home-run idol.

The Minneapolis slugger would probably have been one of the game's brightest stars if he had not suffered the injury to his kneecap in 1925. A capable fielder, who even when a rookie under Connie Mack, had no difficulty hitting big league pitching, Joe has had to be content with

being a star in the minors.

Hauser's case is one of the real tragedies of baseball. However, it shows the indomitable spirit of the was done by Neyman who cracked was done by Neyman who big first baseman. Forced to play in the minors even though he knew ha had the ability to be a major league star, Joe has overcome his handicap to gain more popularity than many of the major league per-

Radiators Upset Merchants 10-2 In Crucial Game

Biggest Crowd In History Of Softball In New Castle Sees Battle Tuesday

National Radiators softball team went into first place in the National league undisputed last night at the Centennial grounds, by handing the East Side Merchants a 10 to 2 drubbing before a crowd of perhaps 2,000 fans. It was the biggest crowd that ever witnesed a softball game

in New Castle. Manager Ray "Bung" Cutler sent three of his ace pitchers to the rub-ber last night to try and stem the tide of healthy base socks that the Rads hit, but to no avail. The Radiators pounded Dweyer, Llewellyn, and Mike Isabella for a total of 16 hits. Mazzeri, Pezzone and Nickie Ross did the heaviest clubbing for the Rads.

Pezzone Is Star Manager Howard "Fat" Reed, sent Rod Pezzone to the hill against the slugging Merchants and he pitched one of the best games of the year, not only allowing four hits to the Merchants, but he fielded his position like a veteran and was powerful at bat with three bingles.

The game had to be called at the end of the eighth inning on account of darkness. The game was well of darkness. handled by Earl Riley as umpire-in-chief back of the plate, and by Mike Babovsky at first base, and Dennis

The Radiators are cager for the first game of the series tonight with St. Andrews at Centennial Field. The game will start at 6 o'clock

Score by innings— R. H. E. Radiators ... 012 222 01—10 16 2 Merchants ... 001 001 00— 2 4 5 Batteries: Merchants—Dweyer, Merchants Liewellyn, Isabella and Shaftic, Radiators—R. Pezzone and Forna-taro. Umpires—E. Riley, Babov-

caused the slump. However, the great southpaw has now returned to his winning ways. Clifton Flats

Book And Wilson Engage In Mound Battle, With Ryantown Win-

ning 1-0

Ryantown defeated the highly touted Clifton Flats team last night at the Ryantown field in a postponed National Independent baseball game

I to 0 in one of the prettiest pitching battles of the year.

Book held the heavy slugging Flats to three hits, and Wilson held the Ryantowners to four hits. Book whiffed eight batters and Wilson set five of the Ryantowns down on

out a triple, while Henry and Herno smote the ball hard for the Ryantowns.

Ryantown will play the East New Castle Merchants tonight at the Ryantown field at 5:30 o'clock, Hill or Davies will pitch for the Ryan-towns. Shaftic will probably work for the Merchants. The summary:

Albert Campbell Is Medalist In **Public Tourney**

Seattle, Washington, Young Man Turns In 36-Hole Card Of 144 At Pittsburgh

LOS ANGELES IS WINNER OF TEAMS

By J. WILLIAM THEIS International News Service Sports Writer.

PITTSBURGH, Aug. 1.—Dominating the field at practically every turn, west coast golfers engaged in the first match contests of the national public links championship here today, fully confident that the title would come to one of their

number. Although the defending champion, Charles Ferrara, San Francisco, fell short of expectations in the qualifying round, he won the right to par-ticipate with 63 others in today's matches. While coast stars were proud of his comeback after a dis-astrous start, they looked to others as the most probable titlists.

Their mainstay appeared to be the

medalist, Albert (Scotty) Campbell, finger has been stiff since Lund Seattle, who holds the Canadian broke it in a football game last fail. amateur and northwest amateur championships. He shot the 36-hole qualifying round in par 144 and so mer indoor champion, 6-3, 8-6, in fer has given every indication he the Meadowbrook invitation tennis ossesses all the qualifications of a champion.

Lucas Qualifies. Members of the Los Angeles club which scored a record 603 to retain

the team title and the Warren G. Harding trophy were not to be ig-nored. John Ross led his teammates with a qualifying score of 148 while his fellow playmate, Don Erickson, trailed by one marker. All players shooting 159 or less and two with 160 for the 36 holes com-

prised the group starting the four-day trek that will lead to the finals and crown Saturday. Although west and mid-west entrants were in the majority, they did not completely outclass the east.

ottclass the east.

Frank Bringoli, New York, finished in a three-way tie for fourth position with 150. His companions were Gordon Denny, Louisville, and Mike Balega, Minneapolis. George Lance, Los Angeles, shot 151; John Lance, Los Angeles, shot 151; John Racey, Gleveland, 152; Frank Stratford, Brooklyn, 152; Charley Mumma, Dayton, O.; John Lucas, Sharon, Pa.; Mike Cestone, Newark; Wilhur Kokes, Chicago; Albert Priebe, St. Paul: Dom Soccolli, New Britain, and D. A. Mitchell, Indianapolis, all

The primary aim of those remaining is to shatter the course's par of 72. So far it has been split only once—by Campbell who stroked a 7 on the first day. Ross tried hard but could do no better than equal

And Ryantown To **Battle Thursday**

Booster Benefit Game At Clifton Flats Field Will Draw Big Crowd

Clifton Flats will battle Ryantown again Thursday night at the Clifton Flats Field. The game will start at 5:30 o'clock. The game has been tagged as a Booster Benefit game for the Flats team, and one of the largest turnouts of the year will see

the battle.

The two teams are evenly matched, as seen by their recent 0-0 deadlock and the 1 to 0 victory for the Ryantowns last night in a league game at Ryantown. In all prob-ability Clifton Flats will send C.

ability Clitton Flats will send CVanEman their star pitcher to the box against Hill for Ryantown.

Following the game a social event will take place at the Flats field with all of the fans invited to attend. There will be an entertainment program at the field.

Unions-Saks To **Battle Tonight**

Unions and the Saks will play off their postponed softball game tonight at Canyon field, it was an-nounced today by President Walther of the Lawrence County softball league. This is an American league battle. The Saks are leading the Unions by a full game for first place and the Unions hope to drag the Saks out of first place to-night. Listed Today night.
The game will start at six o'clock.

Local Golfers Fail To Qualify

Unable To Get Within Select Circle In Fast Field In National Tourney

SHARON GOLFER IS AMONG ELECT

New Castle's Public Links team failed to qualify in the National Public Links Tournament which opened at Pittsburgh Monday, the low 64 men, from whom the champion will be chosen shooting 159 or better for the 36 holes in two days

of play.

Emil Mancine, who was conceded the best chance to qualify of any of the locals, blew wide open yesterday after shooting an 80 on the opening day and took a 93, for a total of 173. Willie Grommes, after a bad start Monday, shot an 81 yesterday to finish with 167, the lowest scorer on the New Castle team, but was not near the select circle. Roger Molesworth had an 85, for a total of 168; Pagley shot an 84 to make his total 169, while Mose Mancine

Izzy Solomon, the other Castle entrant, was disqualified on the first hole on the opening day, it was learned, failing to hole out his

541 John Lucas, former Sharon caddy.
563 who hitch-hiked to Pittsburgh Mon525 day to enter the tournament at the
462 last minute, shot another brilliant
554 round yesterday and was tied for
409 tenth place among the qualifiers
with a 153. putt.

Roger Molesworth, playing the same three-some with Pat Abbott, of Altadena, Calif., and Paul Siegerlund, of Akron, saw Abbott bag a hole-in-one on the 245-yard No. 8 hole, with a perfect spoon shot.

The New Castle team withdrew from the team competition yester-

day, after their low scoring on Monday put them lo win the race for team honors. PUMP STATIONS WIN

Pump Stations softball team won forfeit from the Tolan A. C. last game Thursday night.

WHERE WERE YOU?

CHEVROLET? PLYMOUTH? PONTIAC? BUICK? DODGE? **OLDSMOBILE?...** And the others?

HUDSON and TERRAPLANE challenged ALL of you to a public test of Economy, Acceleration and Hill Climbing ONLY FORD ACCEPTED! ... WHY?

we made it a wide-open challenge. It was published by Hudson and Terraplane distributors in newspapers in all parts of the country on July 15th. Because we believe that it's high time for FACTS to be substituted for CLAIMS in automobile selling. Because we think you men and women who are buying cars will appreciate knowing what a car will really DO, rather than what someone SAYS it will do.

So we dared any competing car, including the highest priced, to meet Hudson and Terraplane stock models-the same cars you can buy in any Hudson and Terraplane showroom - in tests of ECONOMY, ACCELERATION and HILL CLIMBING.

You were the only ones who accepted. Results shown at the right. But What About You

Three cheers for you, Ford dealers!

Other Cars? Wouldn't this have been a great chance to prove all the claims you ahout in your advertising head-

But perhaps you were wise to let our challenge go unanswered, rather than face these tests. We'll let the public judge.

Now Hudson and Terrapiane Challenge Againi

36-40 South Mercer Street.

Now we issue another friendly challenge—this time to car buyers.

A CHALLENGE TO EVERY BUYER OF A CAR IN THE LOWEST PRICE GROUP. Drive a Terraplane. Drive it hard. Then drive the "other three." Compare the way they handle and LOOK AT THE WAY THEY'RE BUILT. Then you'll see why we're willing to back Terra-plane against the whole low price field! This big, rugged car can "take it," and KEEP ON "taking it."

A CHALLENGE TO EVERY BUYER LOF A CAR WITHIN \$1000 OF HUDSON'S PRICE. Drive a Hudson. Compare it with any car you have ever driven. If Hudson doesn't show you more than any other car ever did, we'll be good losers. But, again, we're sure we'll win-and that means you'll win too!

The Championship Cars Are Here-See Them!

When you buy a car, don't take the first one that comes along! Do what thousands of Hudson and Terraplane owners did. Go after the facts. Pick the car which gives you the best performance and backs it up with real PROOF of ruggedness and low opkeep cost. Proof like the sworn affidavits of Terraplane owners that show total service costs, including tire repairs, of one-fourteenth of a cent per mile for nearly half a million miles of driving!

Acceptour friendly challenge. Come in today. Drive these care. They're here, waiting for you, at new prices -as much as \$50 lineer.

LOOK AT THESE RESULTS!

The only challenge acceptances received were from the Ford dealers of Buffalo, N. Y., Duluth, Minn. and Burlington, N. C.

Buffalo Hudson of Terraplane ran away with first place in all tests.

Duluth-Ford dealers published their acceptance; then withdrew. Burlington — Ford

dealers published their

acceptance; then withdrew.

But Hudson and Terrapiane Dealers ran these tests themsalves all over the country. You can see the amazing records made on our own local streets and highways at any Hudson and Terraplane Dealer's

Showroom—Look at them—

then decide!

SHARON GOLFER IS AMONG ELECT

New Castle's Public Links team failed to qualify in the National .579 Public Links Tournament which .500 opened at Pittsburgh Monday, the .484 low 64 men, from whom the cham-.433 pion will be chosen shooting 159 or .421 better for the 36 holes in two days .347 of play

Emil Mancine, who was conceded the best chance to qualify of any of the locals, blew wide open yesterday after shooting an 80 on the opening day and took a 93, for a total of 173. Willie Grommes, after a bad start Monday, shot an 81 yesterday to

finish with 167, the lowest scorer on the New Castle team, but was not near the select circle. Roger Molesworth had an 85, for a total of 168; Pagley shot an 84 to make his total 169, while Mose Mancine went very bad.

Izzy Solomon, the other New Castle entrant, was disqualified on the first hole on the opening day, it was learned, failing to hole out his putt.

John Lucas, former Sharon caddy, who hitch-hiked to Pittsburgh Mon-.525 day to enter the tournament at the last minute, shot another brilliant .454 round yesterday and was tied for .409 tenth place among the qualifiers with a 153.

Roger Molesworth, playing the same three-some with Pat Abbott, of Altadena, Calif., and Paul Siegerlund, of Akron, saw Abbott bag a hole-in-one on the 245-yard No. 8 hole, with a perfect spoon shot. The New Castle team withdrew

from the team competition yesterday, after their low scoring on Monday put them lo win the race for team honors. PUMP STATIONS WIN

Pump Stations softball team won game Thursday night.

WHERE WERE YOU?

CHEVROLET? PLYMOUTH? PONTIAC? BUICK? DODGE? OLDSMOBILE? . . . And the others?

HUDSON and TERRAPLANE challenged ALL of you to a public test of Economy, Acceleration and Hill Climbing ONLY FORD ACCEPTED! ... WHY?

we made it a wide-open challenge. It was published by Hudson and Terraplane distributors in newspapers in all parts of the country on July 15th. Because we believe that it's high time for FACTS to be substituted for CLAIMS in automobile selling. Because we think you men and women who are buying cars will appreciate knowing what a car will really DO, rather than what someone SAYS it will do.

So we dared any competing car, including the highest priced, to meet Hudson and Terraplane stock models-the same cars you can buy in any Hudson and Terraplane showroom - in tests of ECONOMY, ACCELERATION and HILL CLIMBING.

Three cheers for you, Ford dealers! You were the only ones who accepted. Results shown at the right.

But What About You Other Cars?

Wouldn't this have been a great chance to prove all the claims you shout in your advertising headlines?

But perhaps you were wise to let our challenge go unanswered, rather than face these tests. We'll let the public judge. Now Hudson and

Again! Now we issue another friendly challenge-this time to car buyers.

Terraplane Challenge

A CHALLENGE TO EVERY BUYER OF A CAR IN THE LOWEST PRICE GROUP. Drive a Terraplane. Drive it hard. Then drive the "other three." Compare the way they handle and LOOK AT THE WAY THEY'RE BUILT. Then you'll see why we're willing to back Terraplane against the whole low price field! This big, rugged car can "take it," and KEEP ON "taking it."

2 A CHALLENGE TO EVERY BUYER OF A CAR WITHIN \$1000 OF HUDSON'S PRICE. Drive a Hudson. Compare it with any car you have ever driven. If Hudson doesn't show you more than any other car ever did, we'll be good losers. But, again, we're sure we'll win-and that means you'll win too!

The Championship Cars Are Here-See Them!

When you buy a car, don't take the first one that comes along! Do what thousands of Hudson and Terraplane owners did. Go after the facts. Pick the car which gives you the best performance and backs it up with real PROOF of ruggedness and low upkeep cost. Proof like the sworn affidavits of Terraplane owners that show total service costs, including tire repairs, of one-fourteenth of a cent per mile for nearly half a million miles of driving!

Acceptour friendly challenge. Come in today. Drive these cars. They're here, waiting for you, at new prices -as much as \$50 lower.

LOOK AT THESE RESULTS!

The only challenge acceptances received were from the Ford dealers of Buffalo, N. Y., Duluth, Minn. and Burlington, N. C.

Buffalo—Hudson of Ter-raplane ran away with first place in all tests.

Duluth-Ford dealers published their acceptance; then withdrew.

Burlington - Ford dealers published their acceptance; then withdrew.

But Hudson and Terrapiane Dealers ran these tests themselves all over the country. You can see the amazing records made on our own local streets and highways at any Hudson and Terraplane Dealer's Showroom—Look at them then decide!

New Lower Prices Reductions up to \$50

HUDSON \$685 TERRAPLANE \$565

PATROL

Carl Hubbell—King Carl—the man who struck out Ruth, Gebrig and Foxx in order, suffered three consecutive defeats before regaining his stride by hurling a four-hit game

against the Phils last Sunday. Was the all-star game responsible for these setbacks? It may have been. Certainly the lean southpaw must have put everything he had into each pitch during the three innings he was on the mound in the interleague fray. He probably knew he was to pitch only one-third of the

Side. The two teams are dead-locked for the first half crown.

The second game of the series
will be played Friday night at Cenwill be played Friday night at CenCardinal game but the 3-2 defeat by tennial field. The third game, if Cincinnati and the Cubs' 2-1 triumph were heartbreakers.

nesday at Centennial Heid.

Interest Intense

The softball players are very encouraged with the turnout at the Radlator-Merchants game at Centense field last night, and hope ever, Hubbell is far better than the ever, Hubbell is far better than the every players of the players of the latter two means for the failure of his mates to give him proper swatting support. However, Hubbell is far better than the every players of the latter two means for the latter two means f

Manager Howard "Fat" Reed will keep just a little ahead of the oppomore than likely throw Bonfield in sition at all times. They don't all the standard through the standard transfer of the standard low their opponents to forge ahead and then hold them in check until but it doesn't often happen to great

> So in suffering the recent setbacks the Oklahoman wasn't pitching in the usual Hubbell fashion. Those three innings in which King Carl performed his hitherto unbelievable strike-out feat could easily have

since Carl Hubbell has proved he can still come through with shutouts when his mates can produce only a slim margin for him.

JOE HAUSER

Joe Hauser, the man who gained more publicity as a minor leaguer than he did when in the majors, still has misfortune on his trail. A fractured kneecap, the same type of injury which has kept him out of the majors for almost ten years, now threatens to cut short his career as a minor league home-run idol.

The Minneapolis slugger would probably have been one of the game's brightest stars if he had not suffercd the injury to his kneecap in 1925. A capable fielder, who even when a rookie under Connie Mack, had no difficulty hitting big league pitching, Joe has had to be content with

being a star in the minors.

Hauser's case is one of the real tragedies of baseball. However, it shows the indomitable spirit of the shows the indomitable spirit of the out a triple, while Henry and Herno out a triple, while Henry and Herno in the minors even though he knew he had the ability to be a major league star, Joe has overcome his handicap to gain more popularity than many of the major league per-

Radiators Upset Merchants 10-2 In Crucial Game

Biggest Crowd In History Of Softball In New Castle Sees Battle Tuesday

National Radiators softball team went into first place in the Nationa league undisputed last night at the Centennial grounds, by handing the East Side Merchants a 10 to 2 drubbing before a crowd of perhaps 2,000 fans. It was the biggest crowd that ever witnesed a softball game n New Castle.

Manager Ray "Bung" Cutler sent three of his ace pitchers to the rubber last night to try and stem the tide of healthy base socks that the Rads hit, but to no avail. The Radiators pounded Dweyer, Llewel-lyn, and Mike Isabella for a total of 16 hits. Mazzeri, Pezzone and Nickie Ross did the heaviest clubbing for the Rads.

Pezzone Is Star
Manager Howard "Fat" Reed,
sent Rod Pezzone to the hill against
the slugging Merchants and he pitched one of the best games of the year, not only allowing four hits to the Merchants, but he fielded his position like a veteran and was powerful at bat with three bingles.

The game had to be called at the end of the eighth inning on account of darkness. The game was well handled by Earl Riley as umpire-inchief back of the plate, and by Mike Babovsky at first base, and Dennis at third hase The Radiators are cager for the

first game of the series tonight with St. Andrews at Centennial Field. The game will start at 6 o'clock Score by innings— R. H. E. Radiators ... 012 222 01—10 16 2 Merchants ... 001 001 00— 2 4 5

Merchants-Dweyer, Batteries: lewellyn, Isabella and Shaftic. Radiators—R. Pezzone and Forna-taro. Umptres—E. Riley, Babovsky and Dennis.

caused the slump. However, the great southpaw has now returned to his winning ways. It took him a few weeks to recover but the baseball world now rejoices since Carl Hubbell has recoved by Clifton Flats

Book And Wilson Engage In Mound Battle, With Ryantown Winning 1-0

Ryantown defeated the highly touted Clifton Flats team last night at the Ryantown field in a postponed National Independent baseball game 1 to 0 in one of the prettiest pitching battles of the year.

Book held the heavy slugging Flats to three hits, and Wilson held the Ryantowners to four hits. Book whiffed eight batters and Wilson

smote the ball hard for the Ryantowns.

Ryantown will play the East New Castle Merchants tonight at the Ryantown field at 5:30 o'clock. Hill or Davies will pitch for the Ryantowns, Shaftic will probably work for the Merchants. The summary:

R. H. O. A. E.

Albert Campbell Is Medalist In **Public Tourney**

Man Turns In 36-Hole Card Of 144 At Pittsburgh

LOS ANGELES IS WINNER OF TEAMS

By J. WILLIAM THEIS International News Service Sports Writer.

PITTSBURGH, Aug. 1.—Dominating the field at practically every turn, west coast golfers engaged in the first match contests of the national public links championship title would come to one of their number.

Although the defending champion, Charles Ferrara, San Francisco, fell short of expectations in the qualify-ing round, he won the right to par-ticipate with 63 others in today's matches. While coast stars were proud of his comeback after a dis-astrous start, they looked to others as the most probable titlists. as the most probable titlists.

Their mainstay appeared to be the medalist, Albert (Scotty) Campbell, Seattle, who holds the Canadian amateur and northwest amateur championships. He shot the 36-hole N. J., defeated Gregory Mangin, forqualifying round in par 144 and so far has given every indication he possesses all the qualifications of a hampion. Lucas Qualifies.

Members of the Los Angeles club which scored a record 603 to retain the team title and the Warren G. Harding trophy were not to be ignored. John Ross led his team-mates with a qualifying score of 148 while his fellow playmate, Don Erickson, trailed by one marker.

All players shooting 159 or less and two with 160 for the 36 holes comprised the group starting the four-day trek that will lead to the finals and crown Saturday. Although west and mid-west entrants were in the

and mid-west entrants were in the majority, they did not completely outclass the east.

Frank Bringoll, New York, finished in a three-way tie for fourth position with 150. His companions were Gordon Denny, Louisville, and Mike Balega, Minneapolis. George Lance, Los Angeles, shot 151; John Racey, Cleveland, 152; Frank Stratterd Brooklyn, 152; Charley Minneapolis ford, Brooklyn, 152; Charley Mum-ma, Dayton, O.; John Lucas, Sharon, Pa.; Mike Cestone, Newark; Wilbur Kokes, Chicago; Albert Priebe. St. Paul; Dom Soccolli, New Britain, and D. A. Mitchell, Indianapolis, all

The primary aim of those remainis to shatter the course's par of 72. So far it has been split only once—by Campbell who stroked a 7 on the first day. Ross tried hard but could do no better than equal

And Ryantown To **Battle Thursday**

Booster Benefit Game At Clifton Flats Field Will Draw Big Crowd

Clifton Flats will battle Ryantown again Thursday night at the Clifton Flats Field. The game will start at 5:30 o'clock. The game has been tagged as a Booster Benefit game for the Flats team, and one of the largest turnouts of the year will see the battle The two teams are evenly match-

ed, as seen by their recent 0-0 dead-lock and the 1 to 0 victory for the Ryantowns last night in a league game at Ryantown. In all prob-ability Clifton Flats will send C. VanEman their star pitcher to the box against Hill for Ryantown. Following the game a social event will take place at the Flats field with all of the fans invited to attend. There will be an entertain-ment program at the field.

Unions-Saks To **Battle Tonight**

Unions and the Saks will play off their postponed softball game to-night at Canyon field, it was an nounced today by President Walther of the Lawrence County softball league. This is an American league battle. The Saks are leading the Unions by a full game for first place and the Unions hope to drag the Saks cut of first place to-Listed Today night.
The game will start at six o'clock.

COLONIALS TAKE GAME There are several Independent | COLONIALS TAKE GAME | league baseball games on tap for | Colonial A. C. took a forfeit game tonight. The games will start at | from the Wampum team last night | from the Wampum t

Street field.

The National league games are as follows: East New Castle Merchants at Ryantown and Clifton Flats at Rose Point.

Common people: Those who suifor in peace and die in war to pay for the fool mistakes of their leaders.

HERE AND THERE IN SPORTS' LAND

Joe Randall defeated Joey Spiegal in a 10-round bout last night at Millvale. Randall was the aggressor. Seattle, Washington, Young by lot for Randall.

After the judges had returned a split verdict Referee Robinson cast his by lot for Randall.

Joe Hauser, Minneapolis home run clouter, will be out of the game the balance of the season. He has a fractured arm. He fell while round-ing third base Sunday and at that time it was thought he only had a broken kneecap.

Kid Chocolate, once the peer of the featherweights, stepped along the comeback trail at Concy Island last night to win an eight-round bout from Buster Brown of Balti-

City council of East Liverpool last night voted out of existence an ordinance which prohibited boxing. A show will be held there August 9 to here today, fully confident that the raise funds to help complete a CWA-FERA stadium project.

Everything is moving smoothly for the big amateur boxing show to be held by the police here August 10. Every city policeman and official is behind the move so police can go resperly armed.

Francis Lund, all-American halfback at Minnesota, had the tip of his finger amputated yesterday. The finger has been stiff since Lund broke it in a football game last fall. J. Gilbert Hall of South Orange,

mer indoor champion, 6-3, 8-6, in the Meadowbrook invitation tennis tournament under way at South-PENN POWERS WIN GAME Tuesday night at the Lehigh field, Penn Power mushball team defeated

the Manufacturers Light and Heat Robinson allowed the Gas Company but one scratch single, while Olson was pounded hard for eighteen hits. Papst contributed to the Power Company's heavy hitting with

two home runs and a single.

It seems to be a rule. The more eager people are to buy it, the worse investment it is.

Mies Elaine Markham Miss Elaine Markham, Longview,

Tex., was selected by the counselors of Camp Waldemar, near Kerrville, Tex., as the camper most nearly representing the "spirit" of the camp. Elaine also is chief of the Comanche tribe of the camp and winner of a numher of other individual awards.

SAN FRANCISCO, Aug. 1.— Knocking himself out, "Iron Mike" Mazurki of New York lost a roughand-tumble wrestling decision last night to Jim Browning, ex-cham-pion. Mazurki put a flying body scissors on Browning during the struggle for the third and deciding fall, but fell backwards with Brown-ing on top and was kayoed when like to play the Tolans a postponed his head hit the mat.

Local Golfers Fail To Qualify

Unable To Get Within Select Circle In Fast Field In National Tourney

SHARON GOLFER IS AMONG ELECT

New Castle's Public Links team failed to qualify in the National Public Links Tournament which opened at Pittsburgh Monday, the low 64 men, from whom the champion will be chosen shooting 159 or 421 better for the 36 holes in two days

of play.

Emil Mancine, who was conceded Emil Mancine, who was conceded the best chance to qualify of any of the locals, blew wide open yesterday after shooting an 80 on the opening day and took a 23, for a total of 173. Willie Grommes, after a bad start Monday, shot at 81 yesterday to finish with 167, the lowest scorer on the May Could team but was

on the New Cartle team, but was not near the select circle. Roger Molesworth had an 85, for a total Molesworth had an 85, for a total of 168; Pagley shot an 84 to make his total 169, while Mose Manche went very bad.

Izzy Solomon, the other New Castle entrant, was disqualified on the first hole or, the opening day, it

was learned, failing to hole out his pult. John Lucas, former Sharon eaddy

who hitch-hiked to Pittsburgh Monday to enter the tournament at the last minute, shot another brilliant round yesterday and was tied for tenth place among the qualifiers with a 153.

Roger Molesworth, playing the same three-some with Pat Abbott, of Altadena, Calif., and Paul Siegerlund, of Akron saw Abbott bag a hole-in-one on the 245-yard No. 8 hole, with a perfect spoon shot.

The New Castle team withdrew from the team competition vesterday, after their low scoring on Mon-

day put them lo win the race for

team honors. PUMP STATIONS WIN Pump Stations softball team won a forfeit from the Tolan A. C. last night at Franklin field when the To-lans failed to show up for a schad-

WHERE WERE YOU?

CHEVROLET? PLYMOUTH? PONTIAC? BUICK? DODGE? OLDSMOBILE? . . . And the others?

HUDSON and TERRAPLANE challenged ALL of you to a public test of Economy, Acceleration and Hill Climbing ONLY FORD ACCEPTED! ... WHY?

we made it a wide-open challenge. It was published by Hudson and Terraplane distributors in newspapers in all parts of the country on July 15th. Because we believe that it's high time for FACTS to be substituted for CLAIMS in automobile selling. Because we think you men and women who are buying cars will appreciate knowing what a car will really DO, rather than what someone SAYS it will do.

So we dared any competing car, including the highest priced, to meet Hudson and Terraplane stock models—the same cars you can buy in any Hudson and Terraplane showroom - in tests of ECONOMY, ACCELERATION and HILL CLIMBING. Three cheers for you, Ford dealers!

But What About You Other Cars?

You were the only ones who ac-

cepted. Results shown at the right.

Wouldn't this have been a great chance to prove all the claims you shout in your advertising head-

But perhaps you were wise to let our challenge go unanswered, rather than face these tests. We'll let the public judge. Now Hudson and

Terraplane Challenge املدول Now we issue another friendly challenge—this time to car buyers.

A CHALLENGE TO EVERY BUYER OF A CAR IN THE LOWEST PRICE GROUP. Drive a Terraplane. Drive it hard. Then drive the "other three." Compare the way they handle and LOOK AT THE WAY THEY'RE BUILT. Then you'll see why we're willing to back Terra-plane against the whole low price field! This big, rugged car can "take it," and KEEP ON "taking it."

2 A CHALLENGE TO EVERY BUYER OF A CAR WITHIN \$1000 OF HUDSON'S PRICE. Drive a Hudson. Compare it with any car you have ever driven. If Hudson doesn't show you more than any other car ever did, we'll be good losers. But, again, we're sure we'll win-and that means you'll win tool

The Championship Cars Are Here-See Them!

When you buy a car, don't take the first one that comes along! Do what thousands of Hudson and Terraplane owners did. Go after the facts. Pick the car which gives you the best performance and backs it up with real PROOF of ruggedness and low upkeep cost. Proof like the sworn affidavits of Terraplane owners that show total service costs, including tire repairs, of one-four-teenth of a cent per mile for nearly half a million miles of driving!

Accept our friendly challenge. Come in today. Drive these cars. They're here, waiting for you, at new prices -as much as \$50 lower.

LOOK AT THESE RESULTS!

The only challenge acceptances received were from the Ford dealers of Buffalo, N. Y., Duluth, Minn. and Burlington, N. C.

Buffalo Hudson of Terraplane ran away with first place in all tests.

Duluth-Ford dealers published their acceptance; then withdrew. Burlington - Ford

dealers published their socceptance; then withdress. But Hudson and Terrapiane Dealers ran these tests them-

salves all over the country. You can see the amazing records made on our own local streets and highways at any Hudson and Terrapiane Dealer's Showroom—Look at them then decide!

New Lower Prices Reductions up to \$50

ace tracks and the underlying hought there might just as well

iants do on their home grounds.
On the road the Yanks are just nother ball team. They've lost fireen against only fourteen victories n foreign territory but they are ough babies in the Bronx. Witness their double victory over the Red Sox yesterday, 11 to 2 and 2 to 1.

Five Home Runs The Sox made but three hits off the imaginative Lefty Gomez and only five off Murphy and Deshong while Saltzgaver, Bob Johnson, and

they went up to Boston.

The Phillies continued to impress

the natives by trouncing the Dodgers

six hits and the A's won 8 to 2.

Going to the other extreme, old
Sam Jones, the dean of the Amerian League pitchers and still one of man.

the best despite his 42 years, trim-

med the Browns. 5 to 2.

Indians-Tigers Split

The Tigers and Indians split a
double header, the Indians took the
first 9 to 7 and the Tigers the night-

cap, 4 to 2.
Charley Dressen must have been feeding the Reds raw meat since he took over the chef's job relinquished by request by Bob O'Farrell. The Reds trimmed the Pirates in the opener. 6 to 4 and in the nightcap went 11 innings before losing by a 7 to 5 count.

Scarazzos Upset Hannons 13 To 5

By PAT ROBINSON
International News Service Sports at the B. & O. field by taking the measure of the Hannons 13 to 5. NEW YORK. Aug. 1.—Horses for The Scarazzos climbed on P. Bart-courses is an old saying around the lett and Johnny Roman for 19 hits.

apply to golfers and golf links and papely to golfers and golf links and coall players and ball parks.

Look at what the short driving Paul Runyan did on that nice short ayout in the P. G. A. at Buffaio and notice what the Yanks and Starns do on their home grounds.

On the road the Yanks are just Batteries—Hannons, Roman, P. Batterie

Bartlett and Briggs; Scarazzos, J. Bartlett, Maiella and Pascarella.

National Pants

only five off Murphy and Deshong while Saltzgaver, Bob Johnson, and Babe Ruth got one home run apiece at the Elders field Thursday night for first time this year and the National Pants team of the Independent league will be the opponents. They are frankly hogsting that it will they are frankly hogsting that it will they are frankly hogsting that it will the same will start at 6 o'clock. there in front when the close the season away from home. They move that it will they are frankly boasting that it will take something more than a shot of baseball and have taken the measn. A. T. to dislodge them.

The Glants have been knocking off all opposition in harlem but they ran into Huck Betts and the Braves and a 4 to 1 licking when they went up to Boston.

Max Rosenbloom

The Cards couldn't let well enough alone. They demanded a play off of a disputed game which the Cubs had won 7 to 4. So they couldn't let well LOS ANGELES, Aug. 1.—For the second time in their third fight in the Cubs had won 7 to 4. So they couldn't let well Los ANGELES, Aug. 1.—For the play off of the loss of the lo

Gains Run To More Than Three Points In Many Of Leading Stocks

MOTOR STOCKS ARE STRONGER

(International News Service) NEW YORK, Aug. 1.—The stock market rallied today, gains running to more than 3 points in U. S. Smelting, on the hope that Fresident Roosevelt on his return on Fri-

day would do something to change the present uncertainty in business and speculative circles. Strength in the metals was accompanied by revival of inflationary rumors. With U. S. Smelting setting

the pace, gains in the rest of the group ran to a point and more. Trading was at a slow pace, how-ever, and failed to show any im-portant increase on the rally.

portant increase on the rally.

Bonds recovered with stocks, grains were stronger, gains running to a cent a bushel, cotton was steady. The dollar was higher.

Plans Complete **Annual Picnic**

Big Event To Be Held Here In Conjunction With Industrial Appreciation

VARIED PROGRAM TO TAKE PLACE

ELLWOOD CITY, Aug. 1.—Everythe local police station, Tomei was thing is rounding up into fine shape for Ellwood City's second annual when he fell asleep. The car left community Picnic in conjunction the road, went over the curb and with an Industrial Appreciation Day, here Saturday.

here Saturday.

After a mammoth parade at 12 o'clock D. S. T. through the principal streets of the city, a varied program will be carried out at Ewing Park. There will be many sport events and features including a base-ball game for the city championship between the Shelby Socials and the Ellwood Merchants. Over 100 prizes will be awarded to adult winners. Six bicycles and a pony will be awarded to the lucky boys and girls. Free coffee, lemonade and souvenirs will be furnished.

In view of the arrangements al-ready made by the many active committees the affair promises to be one of the most successful events Motor stocks gave a better performance, with General Motors again in demand and Chrysler recovering about a point. Case Threshing was up a point in the farm im-Best Since 1930 munity Picnics sponsored by the local Tube Plant many years ago.

> Twenty-One Participate In Fine Event At Home Of Mrs. Bert Rupp

Dinner Tuesday

ELLWOOD CITY, Aug. 1.-The home of Mrs. Bert Rupp on Fourth street was the scene of an inetrest-

share.

Earning, after ordinary manufacturing expenses, totaled \$21,082,389, compared with \$6,578,731 preceding quarter, and \$4,881,554 in like 1933 period.

Payrolls increased sharply, compared with a year ago, totaling \$65,094,000, compared with only \$33,468,000 same quarter last year. The increase in wages effective April 1 boosted average hourly earning for employes of all subsidiarles other than transportation companies to the scene of an inetrest-lng event Tuesday evening, when the members of the Isabelle Tho-burn class of the local M. E. church held a tureen dinner there. Twenty-one were present at the time.

After the tureen dinner a short business meeting was held with the president, Mrs. R. A. Snedden presiding. It was decided to hold a tea at the home of Mrs. Douds on August 16. A delightful social time followed.

The next regular meeting of the class will be held on the last Tuesthan transportation companies to 71.2 cents, from 65.5 cents. This increase, it was estimated, raised quar-terly pay roll \$5,200,000.

Big Event To Be Held Here In Conjunction With Industrial Appreciation Day

VARIED PROGRAM TO TAKE PLACE

ELLWOOD CITY, Aug. 1.—Everything is rounding up into fine shape for Ellwood City's second annual Community Plenic in conjunction with an Industrial Appreciation Day,

here Saturday.

After a mammoth parade at 12 o'clock D. S. T. through the principal streets of the city, a varied program will be carried out at Ewing Park, There will be many sport events and features including a baseball game for the city championship between the Shelby Socials and the Ellwood Merchants, Over 100 prizes will be awarded to adult winners. Six bicycles and a pony will be awarded to the lucky boys and girls. Free coffee, lemonade and souvenirs will

be furnished.
In view of the arrangements already made by the many active committees the affair promises to be one of the most successful events in the history of the city, and can only compare with the great Community Blasica community Blasica community of the city, and can only compare with the great Community Blasica community and the city of the ci munity Picnics sponsored by the lo-cal Tube Plant many years ago. Invitations to attend the affair

Invitations to attend the affair have been sent to many old timers Best Since 1930 have been sent to many out and former residents, and a number of special guests.

Report Is Made \$1.48 A Share Isabelle Thoburn Class Has Tureen Dinner Tuesday

Twenty-One Participate In Fine Event At Home Of Mrs. Bert Rupp

ELLWOOD CITY, Aug. 1.—The home of Mrs. Bert Rupp on Fourth street was the scene of an inetresting event Tuesday evening, when the members of the Isabelle Thoburn class of the local M. E. church held a tureen dinner there. Twen-

quarter, and \$4,881,554 in like 1933 period.

Payrolls increased sharply, compared with a year ago, totaling \$65,004,000, compared with only \$33,468,000 same quarter last year. The increase in wages effective April 1 boosted average hourly earning for employes of all subsidiaries other than transportation companies to than transportation companies to the last Tues-

employes of all substitutes of than transportation companies to 71.2 cents, from 65.5 cents. This increase, it was estimated, raised quarterly pay roll \$5,200,000. class will be held on the last Tuesday of August at the cottage of Mrs. C. S. Hill at the old airport.

Bon Accord Club Gathers Tuesday Fee Effective Today

New Fee Assessed For Issue Of Accord Club held its regular meetstreet. Miss Catherine Maggi was a special guest on the occasion.

Effective today, patrons who appeared at the money order window of the local post office to write a money order on any post office outside of New Castle were charged ing and social char. Dencious re-freshments were served at a later hour. The club will meet again next Tuesday at the home of Miss Sally Bettoni on Crescent avenue.

SHOWER EVENT

ELLWOOD CITY, Aug. 1.— In honor of Mr. and Mrs. George Knight, whose marriage was an drawn."

Postmaster Richard A. Steen had been previously instructed to place the new rules in effect on August 1.
